Hi,

My ward Swayam Jha, an Ex-student of Panchsheel Public School needs a migration and character certificate as they are the REQUIRED document for his college admissions. We visited and the receptionist denied the documents. These documents are very important for his admission process and it is the **school's responsibility to arrange these documents for him.**

Written a mail for the same previously as well but there is no response.

His sisters Ruchika and Shruchika also passed out from your school and they receive all these documents in time.

Request you to give the documents as soon as possible and reply for the same.

Thanks and Regards

Ruchika
